

Practicum Student Self-Eval Form

Name:	Laura Kopp
Date:	2015-04-29
Teaching Major:	Elementary Education/Special Education
Practicum Teacher:	Jessica Varriano
Cooperating School:	Centennial Elementary
Student's Email Address:	ldkopp1@umary.edu
Overall Rating:	Proficient
Reflections:	I was able to improve student learning through the learning environments provided to me by my cooperating practicum teacher. The learning environment was already well established for each student and I was able to enhance each student's learning by clearing the workspace of distractions. Making sure only the work needed to be completed by a student was on the table or desk, I thought, greatly helped both the student and myself to focus on the task at hand.
Overall Rating:	Proficient
Reflections:	With the resources provided by my cooperating practicum teacher I was able to effectively teach content and use a variety of instructional strategies. From first observing my practicum teacher using guided prompting with several student, I became more comfortable over time to use it more frequently with certain students.
Overall Rating:	Proficient
